## PROFILE

As a highly motivated and self-driven Full Stack developer, I possess a strong ability to learn quickly and am always eager to expand my knowledge base through collaboration with experienced developers. With a sharp mind for programming logic and creative problem-solving skills, I am dedicated to helping companies make a positive impact through innovative solutions.

## EMPLOYMENT HISTORY

### Frontend Developer at B24chat

April 2022 — May 2023

As a vital member of a website development team, I collaborated with UI/UX designers to create a variety of websites tailored to meet their specific requirements.

- I was responsible for developing a diamond selling and buying website, where I successfully handled all frontend components, including integrating the frontend with the backend using Redux. [Showcase](#)
- I played a key role in developing websites, Leveraging my skills in React and Redux, I successfully managed the development and implementation of these important projects. [Moving](#), [HomeService](#), [Momater](#).

I provided guidance and support to new employees at the company, helping to ensure their smooth integration into the team and overall success within the organization.

Japanese

## TECHNICAL PROJECTS

### Chat App - [GitHub](#)

chat application that allows users to add friends using their phone numbers and exchange messages with them in real-time.

- I utilized my expertise in React and Socket.io to create an interactive user interface and pass real-time information, enabling seamless communication and collaboration between users.
- I leveraged my knowledge of Node.js to develop a powerful back-end system, which I then connected to a database using Knex and PostgreSQL, allowing for seamless data management and retrieval.

Other Projects - you can see my other projects at my [Portfolio](#).

## ARMY SERVICE

August 2012 — December 2015

Researcher

I.D.F intelligence

- I was honored with the Aluf Excellence Award for my outstanding contributions in 'Tsuk Eitan' Operation.
