

Benjamin Alexander

Full Stack Developer

👤 Profile

As a highly motivated and self-driven Full Stack developer, I possess a strong ability to learn quickly and am **always eager to expand my knowledge base through collaboration with experienced developers**. With a **sharp mind for programming logic and creative problem-solving skills**, I am dedicated to helping companies make a positive impact through innovative solutions.

📁 Employment History

Frontend Developer at B24chat

April 2022 — May 2023

As a vital member of a website development team, I collaborated with UI/UX designers to create a variety of websites tailored to meet their specific requirements.

- I was responsible for developing a diamond selling and buying website, where I **successfully handled all frontend components**, including integrating the frontend with the backend using **Redux**. [Showcase](#)
- I played a key role in developing websites, **Leveraging my skills in React and Redux**, I successfully managed the development and implementation of these important projects. [Moving-](#), [HomeService](#), [Momater](#).

I **provided guidance and support to new employees at the company**, helping to ensure their smooth integration into the team and overall success within the organization.

🎓 Education

Full Stack Web Development, JavaScript program, Developers Institute, TLV Coding Bootcamp

October 2021 — January 2022

Yeshiva Tichonit Hispin

2005 — 2010

Extended studies in Math, English and Literature

★ TECHNICAL PROJECTS

Chat App - [GitHub](#)

chat application that allows users to add friends using their phone numbers and exchange messages with them in real-time.

- I **utilized my expertise in React and Socket.io to create an interactive user interface** and pass real-time information, enabling seamless communication and collaboration between users.
