## EMPLOYMENT HISTORY

## Frontend Developer at B24chat

April 2022 — May 2023

As a vital member of a website development team, I collaborated with UI/UX designers to create a variety of websites tailored to meet their specific requirements.

- I was responsible for developing a diamond selling and buying website, where I **successfully handled all frontend components**, including integrating the frontend with the backend using **Redux**. Showcase
- I played a key role in developing websites, **Leveraging my skills in React and Redux**, I successfully managed the development and implementation of these important projects. Moving, HomeService, Momater.

I provided guidance and support to new employees at the company, helping to ensure their smooth integration into the team and overall success within the organization.

## EDUCATION

## TECHNICAL PROJECTS

### Chat App - GitHub

chat application that allows users to add friends using their phone numbers and exchange messages with them in real-time.

- I utilized my expertise in **React and Socket.io** to create an interactive user interface and pass real-time information, enabling seamless communication and collaboration between users.

- I leveraged my knowledge of Node.js to develop a powerful back-end system, which I then connected to a database using Knex and PostgreSQL, allowing for seamless data management and retrieval.

Other Projects - you can see my other projects at my Portfolio.

## ARMY SERVICE

August 2012 – December 2015

Researcher

I.D.F intelligence

- I was honored with the Aluf Excellence Award for my outstanding contributions in 'Tsuk Eitan' Operation.
