

Benjamin Alexander

Full Stack Developer

As a highly motivated and self-driven Full Stack developer, I possess a strong ability to learn quickly and am **always eager to expand my knowledge base through collaboration with experienced developers**. With a **sharp mind for programming logic and creative problem-solving skills**, I am dedicated to helping companies make a positive impact through innovative solutions.

Employment History

Frontend Developer at B24chat

APRIL 2022 – MAY 2023

As a vital member of a website development team, I collaborated with UI/UX designers to create a variety of websites tailored to meet their specific requirements.

- I was responsible for developing a diamond selling and buying website, where I **successfully handled all frontend components**, including integrating the frontend with the backend using **Redux**. [Showcase](#)
- I played a key role in developing websites, **Leveraging my skills in React and Redux**, I successfully managed the development and implementation of these important projects. [Moving](#), [HomeService](#), [Momater](#).

I provided guidance and support to new employees at the company, helping to ensure their smooth integration into the team and overall success within the organization.

Skills

JavaScript

React

Redux

Node.js

Git

MongoDB

PostgreSQL

REST APIs

JSON

Socket.io

Express

- I utilized my expertise in React and Socket.io to create an interactive user interface and pass real-time information, enabling seamless communication and collaboration between users.
- I leveraged my knowledge of Node.js to develop a powerful back-end system, which I then connected to a database using Knex and PostgreSQL, allowing for seamless data management and retrieval.

Other Projects - you can see my other projects at my [Portfolio](#).

ARMY SERVICE

AUGUST 2012 – DECEMBER 2015

Researcher

I.D.F intelligence

- I was honored with the Aluf Excellence Award for my outstanding contributions in 'Tsuk Eitan' Operation.
