Employment History

1 Showcase

Redux, Israel

January 2022 – January 2023

2022 - 2023As a vital member of a website development team, I collaborated with UI/UX designers to create a variety of websites tailored to meet their specific requirements. I was responsible for developing a diamond selling and buying website, where I successfully handled all frontend components, including integrating the frontend with the backend using Redux. Showcase played a key role in developing websites, Leveraging my skills in React and Redux, I successfully managed the development and implementation of these important projects. Moving, HomeService, Momater. I provided guidance and support to new employees at the company, helping to ensure their smooth integration into the

team and overall success within the organization.
